OUR MISSION

Make A Film Foundation (MAFF) is a non-profit organization that grants film wishes to children with serious or life-threatening medical conditions by teaming them with Film Professionals to create short film legacies that offer hope and build self-esteem.

WE GRANT THESE FILM WISHES THROUGH 2 PROGRAMS

SHORT NARRATIVE FILM PROGRAM

Our short narrative program surrounds an ill child with a team of notable writers, actors, and directors to produce a high-quality film which stars the child and showcases their unique story or script.

VIDZ-4-KIDZ DOCUMENTARY SHORTS

We team a group of children who have medical challenges with Film Mentors and hand-held video cameras for a few hours to create short documentaries about their lives. We edit the films & screen them in a red-carpet event for the children. Everyone receives awards and a DVD of the films.
